

Flute

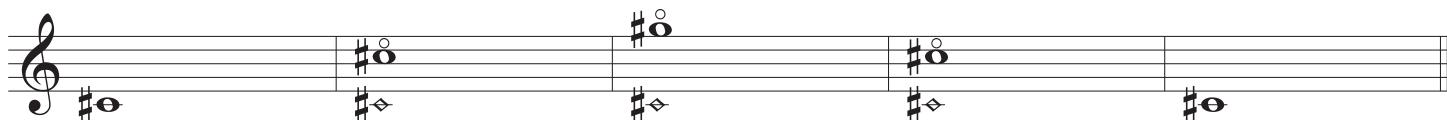

Harmonics

Spencer Katz

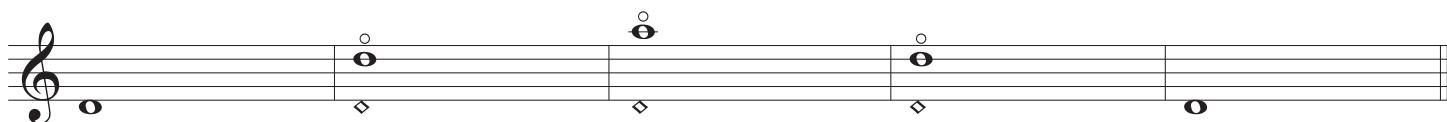

For these exercises you will use the fingering of the lower, diamond-shaped note and increase your air speed and aim the air further toward your elbow to "overblow" until you reach the solid note with an open circle. Always let the 'ugly' sound happen as you work your from one note to the next. The real work in this exercise happens BETWEEN the notes!

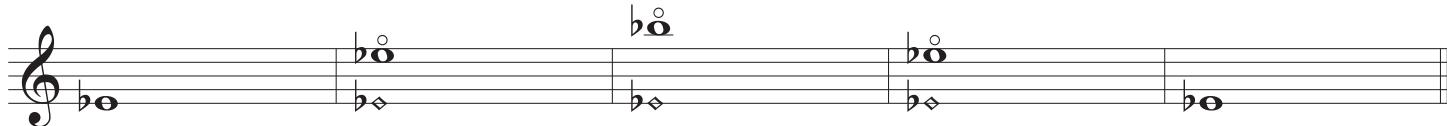

Flute harmonic exercise 1: Treble clef, 4/4 time. The first note is a solid open circle (C4). The second note is a diamond with an open circle inside (D4). The third note is a solid open circle (E4). The fourth note is a diamond with an open circle inside (F4). The fifth note is a solid open circle (G4).

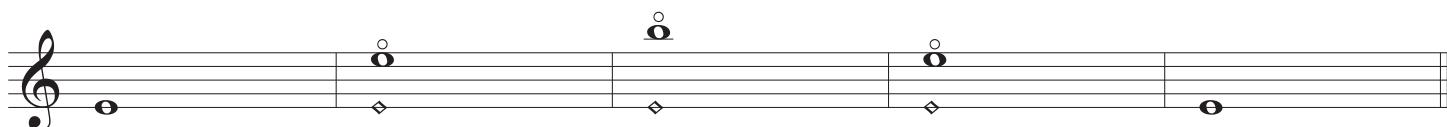

Flute harmonic exercise 2: Treble clef, 4/4 time. The first note is a diamond with a sharp sign inside (D#4). The second note is a diamond with a sharp sign inside (E#4). The third note is a solid open circle (F#4). The fourth note is a diamond with a sharp sign inside (G#4). The fifth note is a diamond with a sharp sign inside (A#4).

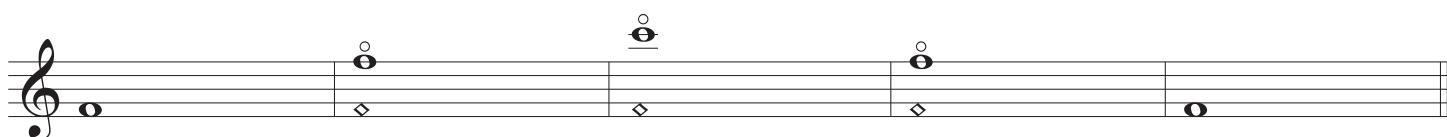

Flute harmonic exercise 3: Treble clef, 4/4 time. The first note is a solid open circle (C4). The second note is a diamond with an open circle inside (D4). The third note is a solid open circle (E4). The fourth note is a diamond with an open circle inside (F4). The fifth note is a solid open circle (G4).

Flute harmonic exercise 4: Treble clef, 4/4 time. The first note is a solid open circle (C4). The second note is a diamond with a flat sign inside (B4). The third note is a solid open circle (A4). The fourth note is a diamond with a flat sign inside (G4). The fifth note is a solid open circle (F4).

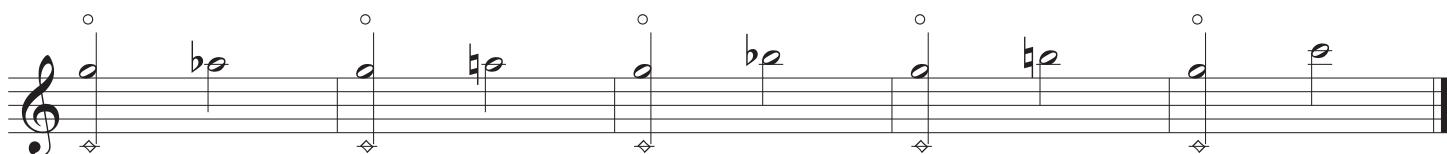

Flute harmonic exercise 5: Treble clef, 4/4 time. The first note is a solid open circle (C4). The second note is a diamond with an open circle inside (D4). The third note is a solid open circle (E4). The fourth note is a diamond with an open circle inside (F4). The fifth note is a solid open circle (G4).

Flute harmonic exercise 6: Treble clef, 4/4 time. The first note is a solid open circle (C4). The second note is a diamond with an open circle inside (D4). The third note is a solid open circle (E4). The fourth note is a diamond with an open circle inside (F4). The fifth note is a solid open circle (G4).

Try keeping your right hand pinky on the low C key throughout this exercise.

Flute harmonic exercise 7: Treble clef, 4/4 time. The first note is a solid open circle (C4). The second note is a diamond with a flat sign inside (B4). The third note is a solid open circle (A4). The fourth note is a diamond with a flat sign inside (G4). The fifth note is a solid open circle (F4). The sixth note is a solid open circle (E4). The seventh note is a solid open circle (D4).
